RemaxLASER

Professional of Laser Equipment

Jinan Remax CNC Equipment Co., Ltd

Remax

About Remax

LARGEST MANUFACTURER OF LASER MACHINES IN NORTHERN CHINA

Remax is a total solution provider for comprehensive laser applications, helping clients at home and abroad to process their metals faster and better, when and where needed in the most cost-effective way.

Jinan Remax CNC Equipment Co., Ltd is the leading CNC laser cutting machines in Northern China with industry-leading technology and continuous R&D capability.

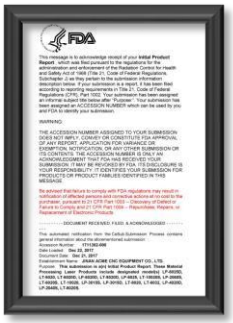

Introduced US Hass, Japan Mazak and Taiwan Winner, Remax has established our own High-Precision CNC Machining Center. Together with Italy COLGAR large gantry milling machine, all the core components of the machines are designed in-house and manufactured at a high degree of accuracy.

We are open to any new collaboration and we will enjoy and consider any new proposal for long time business partnership. Your satisfaction is guaranteed by our professional after-sales service policy and warranties on everything we sell.

As a customer-oriented enterprise, Remax has exported the machines to all around the world with a perfect understanding of customer satisfaction and giving a continuous contribution to the national economy.

Our Products

R-3015S

Metal Sheet Fiber Laser Cutting Machine with Single Table

- ✓ Laser Source : 1,000w - 15,000w
- ✓ Control System: Cypcut, Shanghai
- ✓ Servo Motor and Drive: Japan Yaskawa
- ✓ Working Table Size: 3015; 4020; 4015; 6020; Customization

REMAX China Manufacturer

Our Products

R-4020D

Metal Sheet Fiber Laser Cutting Machine with Double Tables

- ✓ Laser Source : 1,000w - 15,000w
- ✓ Control System: Cypcut, Shanghai
- ✓ Servo Motor and Drive: Yaskawa, Japan
- ✓ Working Table Size: 3015; 4020; 4015; 6020; Customization

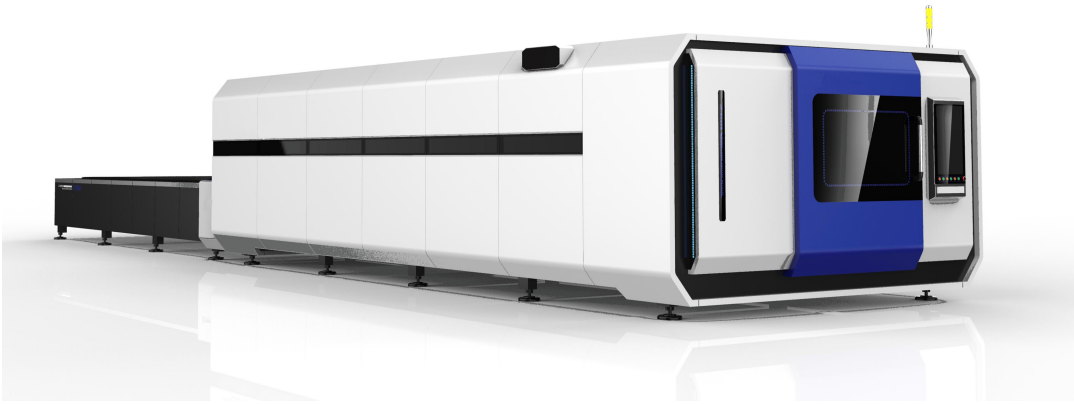

Our Products

R-3015D

High Power Metal Sheet Full Cover Fiber Laser Cutting Machine with Double Tables

- ✓ Laser Source : 1,000w - 15,000w
- ✓ Control System: Cypcut, Shanghai
- ✓ Servo Motor and Drive: Yaskawa, Japan
- ✓ Working Table Size: 3015; 4020; 4015; 6020; Customization
- ✓ Remax Design: Operation Panel (touch screen and split- screen design); Radiation Proof Panel (level od+8); 4 Cameras

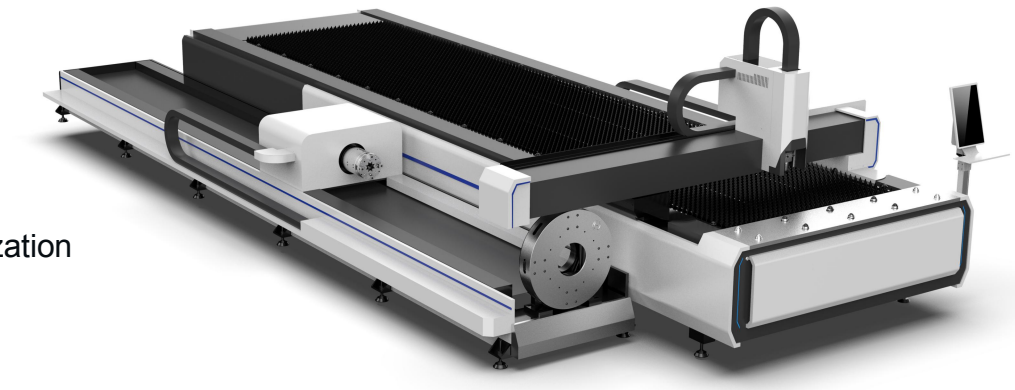

REMAX China Manufacturer

Our Products

R-3015S

Metal Sheet and Pipe Integrated Fiber Laser Cutting Machine

- ✓ Laser Source : 1,000w - 15,000w
- ✓ Control System: Cypcut, Shanghai
- ✓ Servo Motor and Drive: Yaskawa, Japan
- ✓ Working Table Size: 3015; 4020; 4015; 6020; Customization
- ✓ Pipe Length: 6m; Customization
- ✓ Available Tube Diameter: 220mm; Customization
- ✓ Chucks: Mechanical Self-centering Front Chuck & Automatic Pneumatic Back Chuck
- ✓ Pipe Shape Available for Cutting:

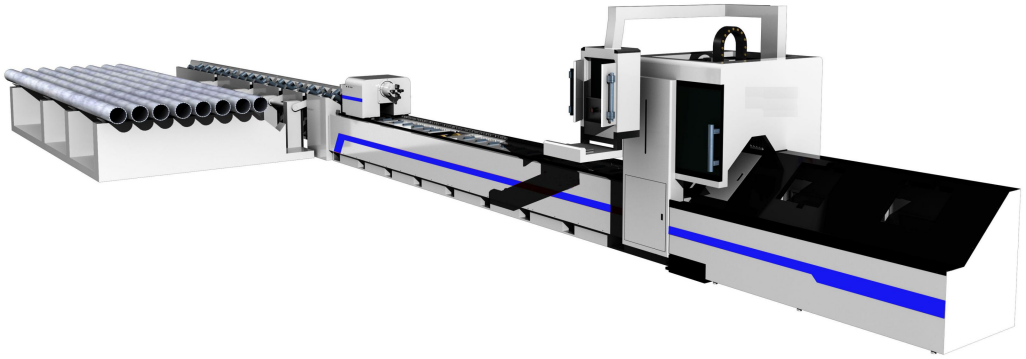

Our Products

R-6020

Metal Pipe Fiber Laser Cutting Machine (Professional Version)

- ✓ Laser Source : 1,000w - 4,000w
- ✓ Control System: Cypcut, Shanghai
- ✓ Servo Motor and Drive: Yaskawa, Japan
- ✓ Available Tube Length: 6m; 12m; Customization
- ✓ Available Tube Diameter: 230mm; 320mm; 500mm; Customization
- ✓ Front & Back Chucks: Automatic Pneumatic Chucks
- ✓ Support Automatic Loading from Side
- ✓ Pipe Shape Available for Cutting:

Our Products

R-6020D

Metal Pipe Fiber Laser Cutting Machine (Standard Versi

- ✓ Laser Source : 1,000w - 3,000w
- ✓ Control System: Cypcut, Shanghai
- ✓ Servo Motor and Drive: Yaskawa, Japan
- ✓ Available Tube Length: 6m; 12m; Customization
- ✓ Available Tube Diameter: 220mm; 320mm; 500mm; Customization
- ✓ Chucks: Mechanical Self-centering Front Chuck & Automatic Pneumatic Back Chuck
- ✓ Pipe Shape Available for Cutting:

Our Products

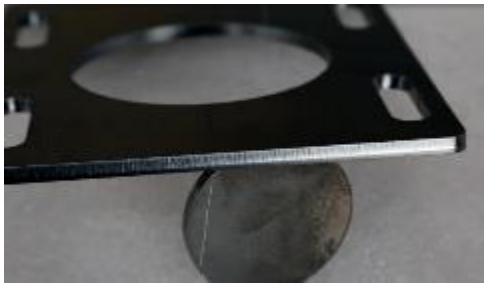

R-1000

Hand-held Optic Fiber Laser Welding Machine

- ✓ Laser Source : 500w - 2,000w
- ✓ Industrial Water Chiller: Hanli, China
