Remax

ABOUT OUR COMPANY

Jinan Remax is one of professional cnc router machine manufacturer in China.We have many good engineers,they have more than 10 years technology in cnc industry. We focus on production the best quality machine with customer affordable price. Here at Remax, we are driven by the desire to offer customer the best products available, and our commitment to never compromise in quality or performance is reflected by the loyalty and appreciation we are fortunate to let our machine in all over the world.

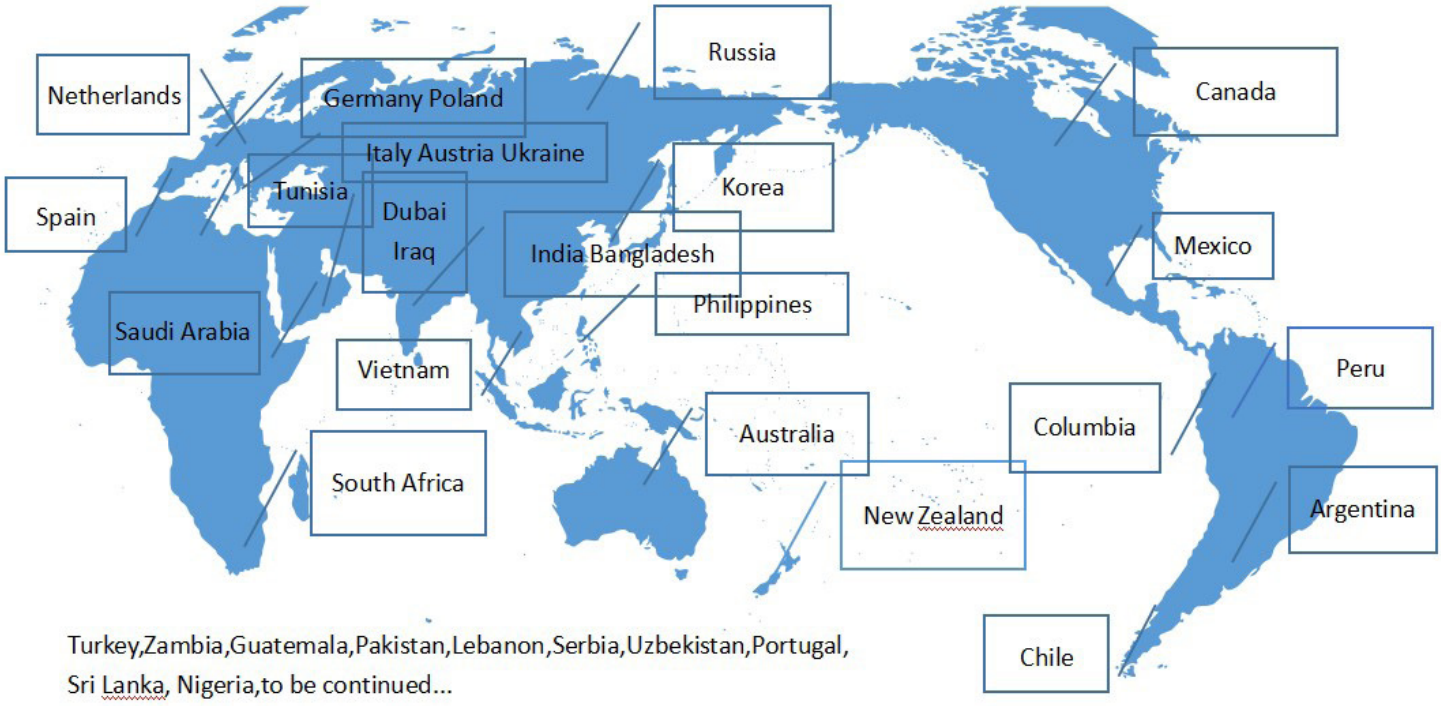

Remax cnc machine over the world

We have customer over 50 countries, and all member of Remax still try to open our new market.

We will try hard to offer the best quality machine, and the most timely service that customer need, to help them find the satisfied machine, and have a good cooperate experience.

Wish you also will be one in the future!

Turkey,Zambia,Guatemala,Pakistan,Lebanon,Serbia,Uzbekistan,Portugal, Sri Lanka, Nigeria,to be continued...

Introduction of main products

Remax

6090 CNC Router

Model: 6090

▶ Designed to meet diverse and complicated processing requirements, highly versatile with routing, drilling,cutting, side milling, sawing and other functions.

▶ DSP remote Control user-friendly operator interface

■ Machine Configuration

System	DSP A11 Control system	X,Y,Z transmission	Taiwan TBI ball screw
Spindle	2.2/3.0kw water cooling spindle	Tool sensor	With
Table	Aluminum T Slot	Lathe frame	Cast by iron
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor	Stepper motor	Electric part	Schneider
Driver	Leadshine 860 driver	Cable	High soft block cable
Inverter	Fuling	Limit Switch	Japan OMRON

■ Machine Parameter

Working size	600mm*900mm*200mm
Control system	DSP A11
Machine precision	±0.02 mm
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-24000rpm/min
Tool sensor	with
Machine weight	300Kg
Working voltage	220/380V 50/60Hz

6090 ATC CNC Router

Model: 6090

▶ High-performance all-round machinery with extraordinary value, but at a very economical price. Constructed with world-class components, consistent high performance.

▶ Friendly to operate control system.

■ Machine Configuration

System	DSP A57/NK280B/Mach3 control system	X,Y,Z transmission	Taiwan TBI ball screw
Spindle	3.2kw ATC water cooling spindle	Tool sensor	With
Table	Aluminum T Slot	Lathe frame	Cast by iron
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor and Driver	Leadshine hybrid servo motor and driver	Electric part	Schneider
LED light	With	Cable	High soft block cable
Inverter	Fuling	Limit Switch	Japan OMRON

■ Machine Parameter

Working size	600mm*900mm*300mm
Control system	DSP/Mach3/Nc studio
Machine precision	±0.02 mm
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-24000rpm/min
Tool sensor	with
Machine weight	450Kg
Working voltage	220/380V 50/60Hz
Auto tool change	Linear type 5pcs auto tool change

4040 ATC Metal CNC Router Machine

Model: 4040

- Whole machine cast by iron, machine working very stability.
- Worktable moving, which is very suitable for processing metal or wooden molds.
- The high-speed water cooling spindle with low noise and high torque can be used to process high hardness materials.

Machine Configuration

System	DSP A57/NK280B/Mach3 control system	Z transmission	Taiwan TBI ball screw
Spindle	3.2kw ATC water cooling spindle	X,Y transmission	Taiwan TBI ball screw
Table	T slot table	Machine structure	Whole machine cast by iron
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor and Driver	Leadshine hybrid servo motor and driver	Electric part	Schneider
LED light	With	Cable	High soft block cable
Inverter	Fuling	Limit Switch	Japan OMRON

Machine Parameter

Working size	400mm*400mm*300mm
Machine precision	0.02 mm
Repetitive positioning accuracy	0.005 mm
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-24000rpm/min
Spindle nut	ER32
Machine weight	580Kg
Working voltage	220/380V 50/60Hz

6060 3axis Metal CNC Router Machine

Model: 6060

- Whole machine cast by iron, machine working very stability.
- Worktable moving, which is very suitable for processing metal or wooden molds.
- The high-speed water cooling spindle with low noise and high torque can be used to process high hardness materials.

Machine Configuration

System	NC studio Control system	Z transmission	Taiwan TBI ball screw
Spindle	3.0kw water cooling spindle	X,Y transmission	Taiwan TBI ball screw
Table	T slot table	Machine structure	Whole machine cast by iron
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor and Driver	Leadshine hybrid servo motor and driver	Electric part	Schneider
LED light	With	Dust proof	Steel dust proof
Inverter	Fuling	Limit Switch	Japan OMRON

Machine Parameter

Working size	600mm*600mm*200mm
Machine precision	0.02 mm
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-24000rpm/min
Spindle nut	ER20
Machine weight	650Kg
Working voltage	220/380V 50/60Hz

6060 ATC Metal CNC Router Machine

Model: 6060

- Whole machine cast by iron, machine working very stability.
- Worktable moving, which is very suitable for processing metal or wooden molds.
- The high-speed water cooling spindle with low noise and high torque can be used to process high hardness materials.

Machine Configuration

System	DSP A57/Mach3/NC studio Control system	Z transmission	Taiwan TBI ball screw
Spindle	3.2kw ATC water cooling spindle	X,Y transmission	Taiwan TBI ball screw
Table	T slot table	Machine structure	Whole machine cast by iron
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor and Driver	Leadshine hybrid servo motor and driver	Electric part	Schneider
LED light	With	Cable	High soft block cable
Inverter	Fuling	Limit Switch	Japan OMRON

Machine Parameter

Working size	600mm*600mm*300mm
Machine precision	0.02 mm
Repetitive positioning accuracy	0.005 mm
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-24000rpm/min
Spindle nut	ER32
Machine weight	700Kg
Working voltage	220/380V 50/60Hz

6060 Full Cover Metal CNC Router Machine

Model: 6060

- Whole machine cast by iron, machine with full cover,machine working very stability.
- Worktable moving, which is very suitable for processing metal or wooden molds.
- The high-speed water cooling spindle with low noise and high torque can be used to process high hardness materials.

Machine Configuration

System	DSP A11/Mach3/NC studio Control system	Z transmission	Taiwan TBI ball screw
Spindle	3.0kw water cooling spindle	X,Y transmission	Taiwan TBI ball screw
Table	T slot table	Machine structure	Whole machine cast by iron
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor and Driver	Leadshine hybrid servo motor and driver	Electric part	Schneider
LED light	With	Cable	High soft block cable
Inverter	Fuling	Limit Switch	Japan OMRON

Machine Parameter

Working size	600mm*600mm*200mm
Machine precision	0.02 mm
Repetitive positioning accuracy	0.005 mm
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-24000rpm/min
Spindle nut	ER20
Machine weight	1200Kg
Working voltage	220/380V 50/60Hz

4050 Metal CNC Milling Machine

Model: 4050

- Whole machine cast by iron, machine working very stability.
- Worktable moving, which is very suitable for processing metal or wooden molds.
- The high-speed water cooling spindle with low noise and high torque can be used to process high hardness materials.

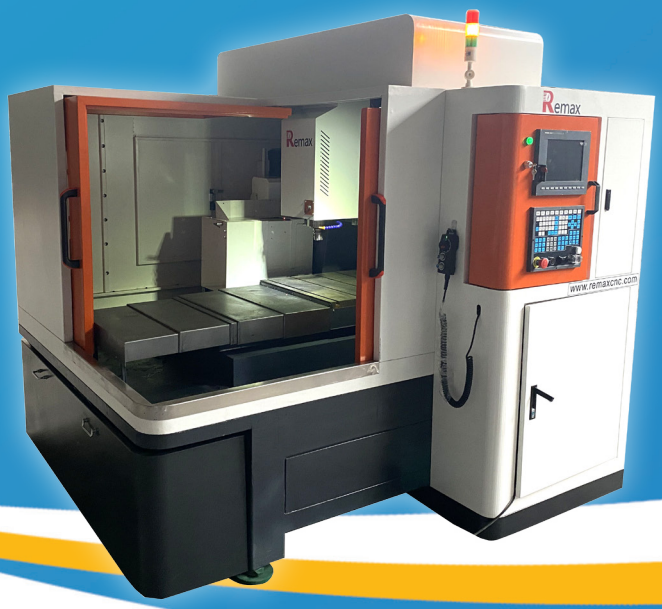

Machine Configuration

System	NK280B Control system	Z transmission	Taiwan TBI ball screw
Spindle	5.5kw water cooling spindle	X,Y transmission	Taiwan TBI ball screw
Table	T slot table	Machine structure	Whole machine cast by iron
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor and Driver	YASKAWA servo motor and driver	Electric part	Schneider
LED light	With	Cable	High soft block cable
Inverter	Fuling	Limit Switch	Japan OMRON

Machine Parameter

Working size	400mm*500mm*300mm
Machine precision	0.02 mm
Repetitive positioning accuracy	0.005mm
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-24000rpm/min
Spindle nut	ER25
Machine weight	1400Kg
Working voltage	220/380V 50/60Hz

6080 Heavy Duty Metal CNC Router Machine

Model: 6080

- Whole machine cast by iron, machine with full cover,machine working very stability.
- Worktable moving, which is very suitable for processing metal or wooden molds.
- The high-speed water cooling spindle with low noise and high torque can be used to process high hardness materials.

Machine Configuration

System	Syntec	X,Y,Z transmission	Taiwan TBI ball screw
Spindle	7.5KW ATC water cooling spindle	Tool sensor	With
Table	T-slot Table	Oil system	Automatic/Manual oil system
Square rails	Taiwan Hiwin	Electric part	Schneider
Motor and Driver	YASKAWA servo motor and driver	Cable	High soft block cable
LED light	With	Limit Switch	Japan OMRON
Inverter	Delta/Fuling	Full cover	With

Machine Parameter

Working size	600*800*300mm
Control system	Syntec
Machine precision	0.01 mm
Repetitive positioning accuracy	0.005mm
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-18000rpm/min
Machine weight	2600Kg
Working voltage	220/380V 50/60Hz

8090 Metal CNC Router Machine

Model: 8090

- Whole machine cast by iron, machine with full cover,machine working very stability.
- Worktable moving, which is very suitable for processing metal or wooden molds.
- The high-speed water cooling spindle with low noise and high torque can be used to process high hardness materials.

Machine Configuration

System	DSP A11/Mach3/NC studio	X,Y,Z transmission	Taiwan TBI ball screw
Spindle	5.5KW water cooling spindle	Tool sensor	With
Table	T-slot Table	Oil system	Automatic/Manual oil system
Square rails	Taiwan Hiwin	Electric part	Schneider
Motor and Driver	Leadshine hybrid servo motor and driver	Cable	High soft block cable
LED light	With	Limit Switch	Japan OMRON
Inverter	Delta/Fuling	Full cover	With

Machine Parameter

Working size	800*900*200mm
Control system	DSP/Mach3/NC studio
Machine precision	0.02 mm
Repetitive positioning accuracy	0.005 mm
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-24000rpm/min
Tool sensor	with
Machine weight	1000Kg
Working voltage	220/380V 50/60Hz

3040 5 Axis CNC Router Machine

Model: 3040

- 6 Axis MACH 3 Control user-friendly operator interface
- Whole machine cast by iron, machine working very stability.
- Water cooling spindle, Compact structure, small inertia, low noise, fast response

Machine Configuration

System	MACH3 6axis control system	Z transmission	Taiwan TBI ball screw
Spindle	2.2KW water cooling spindle	X,Y transmission	Taiwan TBI ball screw
Table	T slot table	Machine structure	Whole machine cast by iron
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor	Stepper motor	Electric part	Schneider
Driver	Leadshine Driver	Rotary axis	5 axis rotary with speed reducer
Inverter	Fuling	Limit Switch	Japan OMRON

Machine Parameter

Working size	300mm*400mm*200mm
Rotary axis	High precision 5 axis rotary axis
Machine precision	±0.02 mm
Command code	G code, *uoo, *mmg, *plt
Software	Powermill
Spindle speed	0-24000rpm/min
Spindle nut	ER20
Machine weight	300Kg
Working voltage	220/380V 50/60Hz

6060 /4040 5 Axis CNC Router Machine

Model: 6060/4040

- 6 Axis MACH 3 Control user-friendly operator interface
- Whole machine cast by iron, machine working very stability.
- Water cooling spindle, Compact structure, small inertia, low noise, fast response

Machine Configuration

System	MACH3 6axis control system	Z transmission	Taiwan TBI ball screw
Spindle	3.0KW water cooling spindle	X,Y transmission	Taiwan TBI ball screw
Table	T slot table	Machine structure	Whole machine cast by iron
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor	Stepper motor	Electric part	Schneider
Driver	Leadshine Driver	Rotary axis	5 axis rotary with speed reducer
Inverter	Fuling	Limit Switch	Japan OMRON

Machine Parameter

Working size	600mm*600mm*200mm(400x400x200mm)
Rotary axis	High precision 5 axis rotary axis
Machine precision	±0.02 mm
Resolutions precision	0.01mm
Command code	G code, *uoo, *mmg, *plt
Software	Powermill
Spindle speed	0-24000rpm/min
Spindle nut	ER20
Machine weight	550Kg
Working voltage	220/380V 50/60Hz

4040 ATC 5 Axis CNC Router Machine

Model: 4040

▶ Milling machine 5 axis cnc router 5 axis work at same time, with the rotary axis can move for 360 degrees. good at process mold.

▶ 5 axis cnc router with atc function can improve the work efficiency.

▶ 5 axis milling machine with strong structure, it can process metal and hard plastic materials.

■ Machine Configuration

System	5 Axis ATC NC STUDIO Control	Z transmission	Taiwan TBI ball screw
Spindle	3.2KW ATC water cooling	X,Y transmission	Taiwan TBI ball screw
Table	T slot table	Machine structure	Whole machine cast iron
Square rails	Taiwan 20 Hiwin	Oil system	Automatic/Manual oil system
Motor	Stepper motor	Electric part	Schneider
Driver	Leadshine Driver	Rotary axis	5 axis rotary with speed reducer
Inverter	Fuling	Limit Switch	Japan OMRON

■ Machine Parameter

Working size	400mm*400mm*200mm
Rotary axis	High precision 5 axis rotary axis
Machine precision	0.02 mm
Command code	G code, *uoo, *mmg, *plt
Software	Powermill
Spindle speed	0-24000rpm/min
Spindle nut	ER32
Machine weight	600Kg
Working voltage	220/380V 50/60Hz

6060 5 Axis CNC Router Machine

Model: 6060

- 6 Axis MACH 3 Control user-friendly operator interface
- Whole machine cast by iron, machine working very stability.
- Water cooling spindle, Compact structure, small inertia, low noise, fast response

Machine Configuration

System	MACH3 6axis	Z transmission	Taiwan TBI ball screw
Spindle	3.0KW water cooling spindle spindle	X,Y transmission	Rack gear
Table	T slot table	Machine structure	Steel welded
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor	Stepper motor	Electric part	Schneider
Driver	Leadshine Driver	Rotary axis	5 axis rotary with speed reducer
Inverter	Fuling	Limit Switch	Japan OMRON

Machine Parameter

Working size	600mm*600mm*400mm
Rotary axis	High precision 5 axis rotary axis
Machine precision	±0.02 mm
Command code	G code, *uoo, *mmg, *plt
Software	Powermill
Spindle speed	0-24000rpm/min
Spindle nut	ER20
Machine weight	500Kg
Working voltage	220/380V 50/60Hz

8080 5 Axis CNC Router Machine

Model: 8080

- 6 Axis MACH 3 Control user-friendly operator interface
- Whole machine cast by iron, machine working very stability.
- Water cooling spindle, Compact structure, small inertia, low noise, fast response

Machine Configuration

System	MACH3 6axis	Z transmission	Taiwan TBI ball screw
Spindle	3.0KW water cooling spindle	X,Y transmission	Rack and gear
Table	T slot table	Machine structure	Steel welded
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor	Stepper motor	Electric part	Schneider
Driver	Leadshine Driver	Rotary axis	5 axis rotary with speed reducer
Inverter	Fuling	Limit Switch	Japan OMRON

Machine Parameter

Working size	800mm*800mm*600mm
Rotary axis	High precision 5 axis rotary axis
Machine precision	±0.02 mm
Resolutions precision	0.01 mm
Command code	G code, *uoo, *mmg, *plt
Software	Powermill
Spindle speed	0-24000rpm/min
Spindle nut	ER20
Machine weight	700Kg
Working voltage	220/380V 50/60Hz

1325 Heavy duty CNC Router

Model: 1325

▶ DSP remote Control user-friendly operator interface

▶ Highly efficient machine permitting faster production, cutting speed over 18m/min. Low vibration and smooth motion ensure higher work piece quality.

■ Machine Configuration

System	DSP	X,Y,Z transmission	Rack gear transmission for X,Y
Table	Vacuum table	Limit Switch	Japan OMRON
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor	Stepper motor	Electric part	Schneider
Driver	Leadshine Driver	Cable	High soft block cable

■ Machine Parameter

Working size	1300mm*2500mm*300mm
Machine precision	±0.03 mm
Work table	Vacuum work table
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-18000rpm/min
Machine weight	1100Kg
Working voltage	220/380V 50/60Hz

1325 ATC CNC Router

Model: 1325

▶ Remax disc Type ATC cnc router are bestsellers with their high performance and affordable CNC Router that's easy to use and easy to maintain

▶ Using world-class components, HSD 9.0kw ATC spindle, Japan Yaskawa servo motor driving system, Schneider low voltage electrical components.

■ Machine Configuration

System	Mach3/Nc studio	X,Y,Z transmission	Rack gear transmission for X,Y
Spindle	HSD 9.0KW ATC air cooling spindle	Limit Switch	Japan OMRON
Table	Vacuum and T Slot	Lathe frame	Steel tube welding
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor and Driver	Japan YASKAWA Servo motor and driver	Electric part	Schneider
Inverter	Delta/Fuling	Cable	High soft block cable

■ Machine Parameter

Working size	1300mm*2500mm*300mm
Machine precision	±0.03 mm
Auto tool change	Disc type 8pcs auto tool change
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-18000rpm/min
Machine weight	1200Kg
Working voltage	220/380V 50/60Hz

1325 ATC 4 axis CNC Router

Model: 1325

▶ 1. The spindle with air cooling spindle can move at least 180 degree, so process some kind of chair seat, Chair backrest, and some other industry mold.

▶ 2. We can make the machine z-axis higher, to suitable for kind of high height requirement. so when customers mold is high or size big, we can make for that kind of Styrofoam type, that will be more stable for customers work.

▶ 3. This machine configuration is customized, can with ATC function or not, and parts can choose according to customers acceptance, so the price is more flexible.

Machine Configuration

System	Syntec	X,Y,Z transmission	Rack gear transmission for X,Y
Spindle	HSD 9.0KW ATC air cooling spindle	Tool sensor	With
Table	Integrated Vacuum and T-slot Combined (Option: T-slot Table)	Lathe frame	Precision machined & heavy duty frame (stress-relieved),one-piece steel base
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor	Japan Yaskawa servo motor and driver	Electric part	Schneider
LED light	With	Cable	High soft block cable
Inverter	Delta/Fuling	Limit Switch	Japan OMRON

Machine Parameter

Working size	1300*2500*400mm
Control system	Syntec
Machine precision	±0.03 mm
Auto tool change	Linear type 6pcs auto tool change
Command code	G code, *uoo, *mmg, *plt
Spindle speed	0-18000rpm/min
Spindle	rotate 180 degree
Machine weight	1100Kg
Lathe bed	Precision machined & heavy duty frame (stress-relieved),one-piece steel base
Working voltage	220/380V 50/60Hz

1325 CNC Router

Model: 1325

- 1. 4 axis cnc router used for process plate and round subjects.
- 2. Rotary axis put out side the machine, so won't influence the table work.
- 3. Choseful color for black and blue.

Machine Configuration

System	DSP A18/Mach3/Nc studio	X,Y,Z transmission	Rack gear transmission for X,Y
Spindle	4.5kw HQD air cooling spinle	Tool sensor	With
Table	Vacuum or T-slot Table	Lathe frame	Welded Structure
Square rails	Taiwan Hiwin	Oil system	Automatic/Manual oil system
Motor	Stepper motor	Electric part	Schneider
Driver	Leadshine driver	Cable	High soft block cable
Inverter	Delta/Fuling	Limit Switch	Japan OMRON

Machine Parameter

Working size	1300*2500*200mm
Machine precision	±0.03 mm
Command code	G code, *uoo, *mmg, *plt
Software	Artcam
Spindle speed	0-18000rpm/min
Tool sensor	with
Machine weight	1000Kg
Lathe bed	Welded Structure
Working voltage	220/380V 50/60Hz

Application industry

Furniture: ideally suitable for processing cabinet door, wooden door, solid wood furniture, panel wood furniture, windows, tables and chairs, etc.

Well-suited for processing panel, insulating materials, plastic, epoxy resin, carbon mixed compound, etc.

Decoration: acrylic, PVC, density board, artificial stone, organic glass, soft metals like aluminum and copper,

Designed to meet diverse and complicated processing requirements, highly versatile with routing, drilling,cutting, side milling, sawing and other functions.

Vacuum worktable fitted with aluminum alloy bars and suction cups is rigid yet flexible for various configurations. Cropping the full sheet to your ideal size, routing, drilling, sawing, cutting, and milling—multiple functions, all in one.

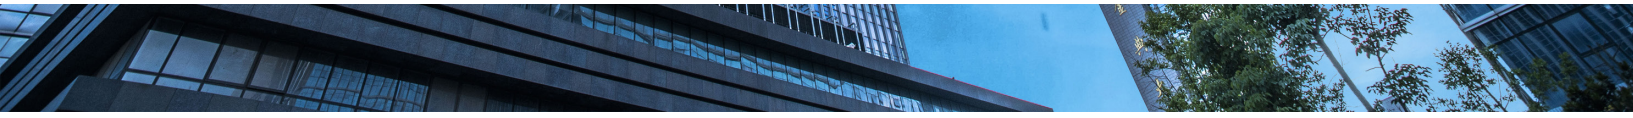

Our Advantage

9 good reasons why you should buy from us?

1. We are a real factory offering products.
2. Free technical business foa many years.
3. Company in busniess for many years.
4. Over 50 countries cuatomers served!
5. Buy direct saving your money!
6. All machine with CE certificate.
7. Machine and spindle warranty 1year.
8. We have phone support in English,if you have any questions,you can call it, we can give you a best soultion within 24 hours.
9. Fast delivery, save your time.
